Seeds & Plants

Spring, 1901-1902.

THE ROBERT VEITCH
NY
COMPANY

974 Chapel Street *NY* *NY*
NEW HAVEN, CONN.

Announcements

THE ROBERT VEITCH COMPANY, in presenting their Catalogue, wish to call the attention of their patrons to the fact that they expect to keep up the old-time reputation of selling nothing without personal tests, unless perfect faith in the grower will insure first-class, fresh and reliable seeds.

Specialties. The company will this season be able to furnish **Grass Seeds** for lawn-sowing in an extended variety of strictly clean seeds. Also an assortment of **Fertilizers** for house plants, gardens and lawns, or any other requisite for greenhouse, lawn or garden.

No charge is made for baskets, boxes or packing on any order exceeding \$1. Bags are charged at cost price and credited on account if returned in good condition within thirty days after date of purchase.

The Robert Veitch Company give no warranty, express or implied, as to description, quality, productiveness or any other matter of any seeds, bulbs or plants they send out, and they will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms they are at once to be returned.

Catalogues. The following Catalogues are issued annually, and will be mailed free to applicants: March 15, "Catalogue of Seeds and Plants;" September 1, "Wholesale Price-List of Bulbs;" September 15, "Catalogue of Bulbs and Winter-Flowering Plants."

Other announcements as the season or change of price may require.

Address,

THE ROBERT VEITCH COMPANY

NEW HAVEN, CONN.

Vegetable Seeds

SEEDS BY MAIL.—All seeds in packages and by the ounce will be sent by mail at Catalogue prices, postage prepaid. Seeds by the pound require an extra payment of 8 cts. per pound. Corn, peas and beans require an extra payment of 15 cts. per quart to prepay postage.

All seeds may be had put up in five-cent papers, excepting corn, peas and beans, and those varieties specially priced.

SEED PREMIUMS.—Any customer enclosing \$1 may select Vegetable Seeds, in papers only, to the amount of \$1.25, which will be sent free by mail.

LAWN GRASS SEED

In this special department we have for a number of years made a particular effort to supply our customers with what we knew, from practical experience, would be the best mixture of **strictly clean Grass Seed**, suitable for light soils, such as we have in New Haven and its environments.

The mixture we put up ourselves, from stock procured directly from the growers, and it includes **extra-clean Red-Top, Pure Kentucky Blue, Meadow Fescue, Screened Perennial Sweet Vernal, Clean White Clover** and a number of imported Lawn Grasses. This combination we are sure will give to all purchasers seed that will produce a quick-growing, permanent, luxuriant green lawn as early in the spring as nature permits, with a continuance of its richness during the summer and autumn months.

We also supply the best **Lawn Fertilizers** as per quotations on the opposite page.

The best time to sow Lawn Grass Seed is early in the spring, or about the latter part of August. Early spring sowings are usually most successful.

Finest Mixed Lawn Grass Seed

Fresh Flowers

We grow a large proportion of the flowers we sell, and our principal aim is to secure freshness and quality. We will have a steady supply of the popular standard varieties, and are able to furnish our patrons with many odd or unusual flowers that will be in season, such as Anemones, Begonias, Camellias, Heather, Heliotrope, Freesias, Genistas, Irises, Lilacs, Mahernia, Fancy Pansies, Poinsettias, Ranunculus, Scillas, Swainsonia, etc.

Special preparations have been made to furnish a daily supply of strictly fresh Roses, Carnations, Violets, Heliotrope and Mignonette.

In the production of Bulbous Flowers we are growing an unusually large stock. Smilax, Asparagus, Ferns, Ivy, Geranium and Galax leaves.

Designs of flowers. Loose natural bunches, or anything needed in funeral or decorative work, executed at short notice and in the very best manner.

Lilies, Tulips, Narcissus and a large variety of flowers for spring, in pots, pans or cut blooms.
